Delivering Qualifications in the Workplace

## CONSTRUCTION: SITE SUPERVISION BUILDING AND CIVIL ENGINEERING SCQF LEVEL 7

The construction sector in Scotland continues to expand and in order to be competitive in the job market you should make sure that your qualifications are up to date.

The Scottish Vocational Qualification (SVQ) Level 3 in Construction Site Supervision (Construction): Building and Civil Engineering has been designed in partnership with CITB Sector Skills Council to ensure relevance to the sector.

It is also jointly awarded with the Chartered Institute of Building (CIOB) and the Institution of Civil Engineers (ICE).

This qualification covers areas such as maintaining systems for health, safety, welfare and environmental protection, planning work activities and resources to meet work requirements, controlling work progress against agreed programmes, maintaining supplies of materials to meet project requirements, implementing communication systems for the project and co-ordinating preparation for site operations.

Find out more about the qualification overleaf.
