

# MODERN APPRENTICESHIP PROGRAMME

**RT Resources Ltd**  
Delivering Qualifications in the Workplace

## **SOCIAL SERVICES & HEALTHCARE** **SCQF LEVEL 9**

**All Care centres need staff who are able to deliver a high quality standard of care. It is important that staff employed in this area are properly trained in the skills and knowledge required to enhance the life of people they support.**

RT Resources Ltd can offer the Social Services and Healthcare Modern Apprenticeship at SCQF Level 9 whilst you are working in a local Care Setting.

It is a requirement of the SSSC that everyone employed within the care sector should be working towards achievement of an SVQ

This SVQ is for those who are currently employed within a care setting in a supervisory, lead or management role and wish to obtain a formal qualification to meet the requirements of their registration.

Suitable candidates should be in the job role which gives them the opportunity to carry out relevant tasks and responsibilities which allow them to gather the necessary evidence to complete the SCQF Level 9 qualification.

To complete the SVQ, candidate will need to complete 4 Mandatory Units and 4 Optional units. The optional units will be chosen dependent in the candidate's job role.

Find out more about the qualification overleaf.
